

# Land is life.

And yet...

**... 17% of Maine is  
owned by 4 families  
and companies.**

**... 40% of Maine is owned  
by multinational  
corporations, billionaires,  
and investment firms.**

**... 1% of Maine is owned by Native  
tribes, and much of this is held “in  
trust” by the U.S. government**

**... Less than 0.1% of Maine is  
owned by non-Native people  
of color, even though they  
make up 4.7% of the  
population**
